### **WE ARE PLANNING YOUR TRIP**

Our services include designing your complete itinerary, including recommendations of favorite places and things to see. You have the choice to book accommodation by yourself or we take you to hotels we can recommend. Of course we will take you anywhere you like along the way.

### **FREE AIRPORT PICK UP AND OUR TOUR SERVICE**

Bangali and / or our friendly driver will pick you up at the airport and escort you to your hotel.

We will drive you from each destination to the next.

Your driver will be available 24 hours to drive you around for sightseeing and shopping.

He will recommend great places to see and escort you to wonderful restaurants.

### **WE RESPECT YOUR PRIVACY**

If you like your independence, just say so and we can leave you to it - you can see as much or as little of us as you like.

If you need your driver again, just call him or he will wait for you at the agreed time and place.

Our driver will arrange his own food and accommodation.

**Do you need a tour guide service?**

A tour guide will travel and accompany guests throughout the tour. A tour guide in India must have a valid guiding license from the Government of India.

If you have a good guidebook you will not need a tour guide, unless you want very specific information. Also audio guides are available in most monuments.

**YOUR PRIVATE DRIVER**

A private driver is not a tour guide! He is not allowed to enter monuments and show you around. A tour driver's primary job is to drive you safely and smoothly from one place to another.

Of course he can take you to good restaurants, nice places, and up to the monument ticket window, as well as give you relevant information about your tour. Your driver will wait until you finish the visit of any particular monument, and will take care of your luggage and belongings. A cost for the car, their food and accommodation will always be included in the driver's fee.
